

# VINEYARD NUTRIENT MANAGEMENT

FEBRUARY 28<sup>TH</sup>, 2007

9-11 A.M. ▪ TEMPLETON C.S.D. BOARDROOM ▪ TEMPLETON, CA

Thank you for attending this free educational workshop! We hope that what you learn today will be valuable for you and applicable to your vineyard operation. Central Coast Vineyard Team is a non-profit grower group who's mission is to identify and promote the most environmentally safe, viticulturally and economically sustainable farming methods, while maintaining or improving quality and flavor of wine grapes. You too are supporting our mission by placing value on sustainable land stewardship and being here today, committing to learn how to manage your vineyard for future generations.

## AGENDA

8:30 – 9:00	Registration, Coffee, Donuts, Continuing Education
9:00 – 9:05	Welcoming Remarks <b>Gaylene Ewing, Central Coast Vineyard Team</b>
9:05 – 9:25	A look at the big picture of vineyard nutrient management <b>Dr. Brent Hallock, Cal Poly San Luis Obispo</b>
9:25 – 9:55	Pre-plant nutrient management, how soil characteristics can have different effects on rootstock/scion clone <b>Dr. Thomas Rice, Cal Poly San Luis Obispo</b>
9:55 – 10:35	Evaluating nutrient deficiencies and excesses, what they look like, and how to manage for them. <b>Tom Gerecke, Actagro</b>
10:35 – 11:00	Monitoring and sampling techniques you can use in your vineyard to manage nutrient balance. <b>Michael Larkin, Precision Agri-Lab</b>
